Lakes Fish Hatchery*

Idaho@Play Encourages Residents to Get Outside and Play

Idaho@Play took over beaches and baseball fields for its annual week of play. From Sandpoint to Pocatello, events were a success, recruiting **140 volunteers** to provide nearly **1500 hours** of volunteer service, impacting **10,074 Idaho residents**.

Activities spanned the state. In north Idaho events included a beach clean up in Sandpoint, a fire safety day, and a healthy lifestyle event in Moscow, and a Frisbee golf tournament in Lewiston. In southwest Idaho members took Veterans to the zoo, had a cook-off at the Veterans Home, and organized an apartment beautification project. In south central Idaho, AmeriCorps members participated in a Veterans fishing event. In southeast Idaho members organized a fun run in Pocatello, assisted with a softball game in Blackfoot, and organized an Idaho Reads campaign in Idaho Falls.

Idaho@Play Sandpoint braved the crazy North Idaho weather to clean up the Sandpoint beach.

Idaho@Play took over the ISU Cross Country field in Pocatello for a fun run and food drive.

AmeriCorps Member Ron Sampe helps wrangle a fish at the Blue Lakes Fish Hatchery.

AmeriCorps Members in Boise encouraged play at the Davis Park Apartments by installing outdoor activities for residents.
